

877-649-8820

Our Line Card

Our inventory carries active and passive components made by recognized manufacturers. We carry a huge stock of out-of-production items that are not readily available elsewhere.

Our warehouse meets strict quality standards. The components we offer come from an antistatic environment.

1480, Rue Beaulac, Montréal, (Québec), Canada, H4R 1R7, Tél: 877.649-8820, Fax : 877.637.3211

World Wide distribution of electronic components

Global Components is the preferred source of hard to find components for all customers. We are Canada's largest independent distributor of board level components. We carry over 4000 line items in our inventory. We have literally millions of line items of inventory available to us.

Reasons to partner with Global Components

- Pricing
- Cost reduction to your Bill of Materials.
- We can cross components to lines available to us from factories in Asia.
- Will Schedule
- Able to offer net terms
- Combined experience of 50 years.
- Day to Day component requirements.
- Hard to find allocated and obsolete components.
- We are a single source procurement solution.
- Global has a team in Asia that executes direct buys from Factories.

Global Components carries over 4000 items in stock!

WE WILL BUY YOUR EXCESS INVENTORY!
