

Counterfeit Component Policy Statement Global components Inc.

Global components Inc. recognizes that counterfeiting of components is a serious problem worldwide. We feel it is our duty to ensure that we have stringent policies in place to protect both our valuable reputation and that of our customers. To continue to provide quality products and prevent the purchase of counterfeit, suspect or unapproved products, we purchase components directly from;

- Manufacturer Direct (OCM)
- Manufacturers Approved Franchise Distributor
- Manufactures Approved Agent / Rep
- OEM / CEM

Bonded Inventories Certain hard-to-find or obsolete products cannot always be obtained from these primary sources. In these instances, Global components Inc. will procure from sources that provide the least risk. It may be necessary to source components through certified agents or independent distributors, in these cases only Approved vendors will be used. Global components Inc. will continue to invest in the latest equipment along with certified 3rd party testing labs to ensure that they are screened properly. We will strive to follow the latest techniques to enable a complete screening program for all products acquired from non-traceable sources.

Global components Inc. continuously monitors the performance our Approved Vendors utilizing a variety of criteria. As well as running credit checks and utilizing certified screening process on products and suppliers, we also continuously update ourselves on the latest secure trends the market has to offer.
